relationship between income and performance indicators in general practice 258
the new GMS contract: impact and implications for managing the changes 75

GMS CONTRACT:
the new GMS contract: impact and implications for managing the changes 75

HEALTH EQUITY AUDIT:
managing health inequalities locally: a baseline survey of primary care trusts' experience 223

HEALTH SERVICES: the relationship between service intensity and the quality of health care 41

HOSPITAL COSTS: analysis of high-cost users at an Australian public health service organization 232
applying activity-based costing to the nuclear medicine unit 141
ring fencing of elective surgery: does it affect hospital efficiency? 186
the effects of Medicare Health Management Organizations on hospital operating profit in Florida 63

HOSPITALS: can we use routine data to evaluate organizational change? 265
strategies for multi-hospital networks 86

INFORMATION MANAGEMENT: strategic information management in health care -myth or reality? 53

INTEGRATION: integrated primary care organizations 25
using the balanced scorecard to characterize benefits of integration in the safety net 109

LEADERSHIP BEHAVIOUR:
valuing empathy and emotional intelligence in health leadership 1

MANPOWER: the nursing shortage and the scope for reducing it by redefining their role 217

MEDICARE HEALTH MANAGEMENT ORGANIZATIONS:
the effects of Medicare Health Management' Organizations on hospital operating profit in Florida 63

NATIONAL HEALTH SERVICE: strategic information management in health care - myth or reality? 53

NETWORKS: strategies for multi-hospital networks 86

NUCLEAR MEDICINE UNIT:
applying activity-based costing to the nuclear medicine unit 141

NURSING STAFF: management support and perceived consumer satisfaction in skilled nursing facilities 198
the nursing shortage and the scope for reducing it by redefining their role 217

ORGANIZATIONAL BEHAVIOUR: towards an organization with a memory: exploring the organizational generation of adverse events 124

OUTCOME MEASURES:
valuing empathy and emotional intelligence in health leadership 1

PATIENT SATISFACTION:
management support and perceived consumer satisfaction in skilled nursing facilities 198

PATIENTS: analysis of high-cost users at an Australian public health service organization 232

PERFORMANCE INDICATORS: relationship between income and performance indicators in general practice 258

PRIMARY CARE: integrated primary care organizations 25
primary health-care teams as adaptive organizations 151
the new GMS contract: impact and implications for managing the changes 75

PRIMARY CARE TRUSTS:
managing health inequalities locally: a baseline survey of ... health equity audit 223

PRIORITY SETTING: from the trenches: views from decision-makers on health services priority setting 100

PROCESS INTEGRATION:
management support and perceived consumer satisfaction in skilled nursing facilities 198

PROGRAMME BUDGETING AND MARGINAL ANALYSIS:
from the trenches: views from decision-makers on health services priority setting 100

QUALITY OF HEALTH CARE:
the relationship between service intensity and the quality of health care 41

RISK MANAGEMENT:
towards an organization with a memory: exploring the organizational generation of adverse events 124

SAFETY: involuntary automaticity: a work-system induced risk to safe health care 211

SURGERY: ring fencing of elective surgery: does it affect hospital efficiency? 186

TEAMS: emergent modes of work and communities of practice 13
primary health-care teams as adaptive organizations 151

TERMINAL CARE: end-of-life care volunteers: a systematic review of the literature 244

VETERANS: logistic analysis of veterans' eligibility-status changes 175

VOLUNTEERS: end-of-life care volunteers: a systematic review of the literature 244

WITNESSING: involuntary automaticity: a work-system induced risk to safe health care 211

WORK: emergent modes of work and communities of practice 13
primary health-care teams as adaptive organizations 151
